Subject: **Relocation – Obstetrics is moving to the AMC location**

Dear Madam, Sir,

As a patient at the Obstetrics Department at VUmc, we would like to inform you of an important change **as of 6 June 2022**.

On 6 June 2022, the Obstetrics Outpatient Clinic will move from the VUmc location to our other location, the AMC. The Obstetrics Department is already there: on the third and fourth floors of the H-Tower (H3 south: delivery rooms, H4 south: maternity ward).

Pregnancy and childbirth care and general and oncological gynaecology are only available at the AMC location. Fertility treatments and gender care are available at both locations.

#### **How does this affect you?**

From 6 June onwards, your clinic appointments will be held at location AMC, Meibergdreef 9, Amsterdam-Zuidoost.

#### **Route to the Obstetrics Outpatient Clinic**

Location AMC is easily accessible by public transport and has parking facilities. You will find all the information on our website [www.amc.nl](http://www.amc.nl) under 'Route, parking, location'.

The Obstetrics Clinic is located on the 1st floor of the outpatient clinic building (A1). Route number 12 will take you to the Obstetrics Outpatient Clinic.

#### **Contact details of location AMC:**

Pregnancy ward and delivery rooms (H3): +31 20 566 4466

Maternity ward (H4): +31 20 566 3553

Obstetrics Outpatient Clinic (outpatient clinic building A1, first floor): +31 20 566 3400

Prenatal Diagnostics Outpatient Clinic (outpatient clinic building A1, first floor): +31 20 566 4499

Emergency: +31 20 566 1500

The move of the Obstetrics Outpatient Clinic to the AMC location will not affect your treatment. The doctors and nurses from the VUmc location and the AMC location form one team. Your primary care provider will remain the same. However, we realise that this transition phase will take some getting used to. We will do our best to make it easier for you.

#### **Contact**

For more information about these changes, please do not hesitate to contact us. You can call the Obstetrics Outpatient Clinic, location VUmc, on +31 20 444 1190 or discuss it with your treating care provider.
